Re: Support for new proposed regulation (Micronesians)

Our organization, Micronesians United, has been working for the past three years advocating for Micronesians to be served by Legal Aid of Hawaii. We created and asked our communities to sign numerous Petitions over the past three years and passed them on to your organization. We also talked to our Hawaii Congressional delegation to work towards that day when Micronesians in the U.S. can be served by Legal Aid of Hawaii.

We are happy over this new development and wholeheartedly support the new proposed regulation.

Please inform us when the regulation has been approved.

Thank you for your consideration of this request
